A. H. F. Lefroy, Esq.,

Toronto Golf Club,

Long Branch, Ont.

Dear Professor Lefroy:

I have been much interested in your letter and I thank you for sending me a copy of it. I am afraid, however, it would be extremely difficult to substitute the name that you suggest inasmuch as nomenclature grows up almost unconsciously for the most part, and it is almost impossible to change a new for the old in face of set opinion. At least that is my own opinion, but your letter will be of much interest.

Yours sincerely,

President.

Professor A. B. F. Lefroy,

University of Toronto.

Dear Professor Lefroy:

The University derives quite a large return from the sale of the paper which it has to dispose of and cannot afford to make a contribution to the Red Cross which would be involved in cancelling the arrangements that are now made for collecting it. The matter has been brought to the attention of the Superintendent on several previous occasions and it is a question of business.

With kind regards, I am,

Yours sincerely,

President.

Dear Mr. President:

In accordance with my convers - tion with you some time ago, I now enclose a formal application for some increase of salary from the University. I hope you will approve the way I have worded it, if not, I shall be very grateful for any suggestions and shall alter it accordingly.

Yours faithfully,

A.H.F. Lefroy

Professor Lefroy,

University of Toronto.

Dear Professor Lefroy:

I shall be glad to lay your formal application before the Finance Committee of the Board when the matter is brought up at its meeting in May. I think that you present your case very well and strongly.

Yours sincerely,

President.

Professor A. H. F. Lefroy,

Room 20, 168 1/2 Church Street, Toronto.

My dear Professor Lefroy:

When the estimates were being considered I brought up your case before the Committee and asked the Committee to give you as large an increase as possible. I stated your case as favourably for you as I could, but regret that the only increase that I was able to secure was an increase of $100 as professor of Roman Law, making your salary in that now $1400, together with a bonus of $200 on your total salary of $2000 of last year. I may assure you that I endeavoured to get as much for you as I could. I hope that this will in some way relieve your difficulties.

With kind regards, I am,

Yours sincerely,

President.
